

# Table of Contents

<b>Table of Terms</b> .....	vii
<b>Introduction</b> .....	1
<b>Chapter 1: Administrative Activities</b> .....	5
<b>Key Concepts</b> .....	5
• Occupancy .....	6
• Existing Buildings vs. New Buildings .....	8
• Self-Identifying Deficiencies .....	10
• General Compliance with the <i>Life Safety Code</i> ® .....	13
• Interim Life Safety Measures .....	17
<b>Tools</b>	
• Tool 1-1. Sample Fire Response Plan .....	13
• Tool 1-2. Sample Life Safety Drawing Detail .....	14
• Tool 1-3. Sample Interim Life Safety Measures Policy .....	20
• Tool 1-4. Sample ILSM Assessment and Selection Checklist .....	24
• Tool 1-5. Daily Construction Site Safety Inspection Checklist .....	25
<b>Chapter 2: General Life Safety Design and Building Construction</b> .....	27
<b>Key Concepts</b> .....	27
• Minimum Construction Requirements .....	28
• Building Rehabilitation .....	30
• Fire Barriers .....	32
• Protecting Openings .....	34
<b>Tools</b>	
• Tool 2-1. Height Restrictions for Health Care Occupancies by Construction Type, Age, and Presence of an Automatic Sprinkler System .....	30
• Tool 2-2. Quick-Look Door Check .....	36
• Tool 2-3. Fire Protection—Engineering Controls Checklist .....	40

<b>Chapter 3: Means of Egress</b> .....	41
<b>Key Concepts</b> .....	41
• Means of Egress.....	42
• Corridors.....	46
• Doors in a Means of Egress.....	49
• Exits.....	53
• Stairs and Ramps.....	55
• Rooms.....	58
• Illumination and Signage.....	59
<b>Tools</b>	
• Tool 3-1. Door and Corridor Egress Assessment Checklist.....	46
• Tool 3-2. Compliance Checklist for Door-Locking Mechanisms.....	50
• Tool 3-3. Checklist for Compliance with Standard EC.02.03.05.....	55
 <b>Chapter 4: Barriers, Openings, and Finishes</b> .....	63
<b>Key Concepts</b> .....	63
• Compartmentation.....	64
• Vertical Openings.....	69
• Hazardous Areas.....	71
• Windows.....	75
• Wall, Ceiling, and Floor Finishes.....	78
<b>Tools</b>	
• Tool 4-1. Latch-and-Label Door Assessment Checklist.....	68
• Tool 4-2. Alcohol-Based Hand Rub Fire Safety Checklist.....	74
• Tool 4-3. Residential Board and Care Fire Protection Features Checklist.....	76
 <b>Chapter 5: Fire Alarm and Notification Systems</b> .....	81
<b>Key Concepts</b> .....	81
• Fire Alarm System.....	82
• Initiation Function.....	84
• Notification Function.....	85
• Control Function.....	89
• Fire Alarm Signal to Fire Department.....	89
• Smoke Detection Systems.....	91
<b>Tools</b>	
• Tool 5-1. Fire Safety Equipment and Building Features Maintenance Policy.....	85
• Tool 5-2. Testing by Time Frame.....	89
 <b>Chapter 6: Fire Suppression Systems</b> .....	93
<b>Key Concepts</b> .....	93
• Fire Alarms and Sprinklers.....	94
• Sprinkler Systems and Components.....	96
• Portable Fire Extinguishers.....	100
• Fire Suppression in Kitchens.....	102
• High-Rise Buildings.....	105
<b>Tools</b>	
• Tool 6-1. Reducing Fire Risks in Health Care Occupancy Kitchens Checklist.....	102

<b>Chapter 7: Utilities, Elevators, Chutes, and Other Building Services</b> .....	107
<b>Key Concepts</b> .....	107
• Gas Piping and Equipment .....	108
• Electrical Wiring and Equipment.....	109
• HVAC Systems and Equipment .....	110
• Heating Devices .....	111
• Vertical and Horizontal Transport.....	113
• Linen and Waste Chutes .....	115
<b>Tools</b>	
• Tool 7-1. Fire Safety Equipment and Building Features and Services Maintenance Assessment Checklist.....	108
 <b>Chapter 8: Curtains, Mattresses, Linens, and Other Operating Features</b> ...	119
<b>Key Concepts</b> .....	119
• Smoking and Vaping .....	120
• Draperies and Curtains.....	122
• Furniture and Mattresses.....	125
• Decorations .....	126
• Linen and Trash Receptacles .....	127
• Engineered Smoke Control Systems .....	127
• Portable Space Heaters.....	128
<b>Tools</b>	
• Tool 8-1. Sample Smoke- and Vaping-Free Policy .....	121
• Tool 8-2. Smoke- and Vaping-Free Policy Scripts .....	122
• Tool 8-3. Smoke- and Vaping-Free Policy Development Checklist.....	122
• Tool 8-4. Decorations Safety Assessment Checklist .....	126
• Tool 8-5. Fire Drill Matrix .....	128
 <b>Chapter 9: The Life Safety Survey Process</b> .....	129
<b>Key Concepts</b> .....	129
• The On-Site Survey Process .....	130
• The <i>Survey Analysis for Evaluating Risk</i> <sup>®</sup> ( <i>SAFER</i> <sup>™</sup> ) Matrix .....	134
• After the Survey .....	137
• Continuous Compliance .....	139
<b>Tools</b>	
• Tool 9-1. Required EC and LS Documentation Checklist.....	132
• Tool 9-2. The <i>SAFER</i> <sup>™</sup> Matrix .....	134
 <b>Appendix: Resources</b> .....	141
 <b>Index</b> .....	145
