**Knowledge Assessment - Question & Answer Session**

---

**Learning Objectives**

At the conclusion of this program, participants will be able to:

1. Compare and contrast your organization's current survey process for accreditation compliance to The Joint Commission's Environment of Care (EC) chapter as presented in this program.
2. Implement The Joint Commission requirements for managing compliance with the six EC programs within your organization.
3. Integrate the EC Performance Monitoring and Staff Development standards into your organization's practices.
4. Compare and contrast your organization's EC data to the EC trends and updates presented in this program.
