Learning Objectives

At the conclusion of this program participants will be able to:

1. Describe a hot topic in The Joint Commission survey process.
2. Discuss the changes related to The Joint Commission’s standards and survey process into your organization’s ongoing survey readiness activities.
3. Identify at least two National Patient Safety Goals of The Joint Commission.
4. Recognize compliance tips related to the Environment of Care, Emergency Management and/or Life Safety Code standards, as it applies to your ambulatory setting.
5. Employ strategies for complying with new and challenging standards in your practice setting(s).
