

Joyce E. Ammer

MBA, MT(ASCP)
Surveyor, Laboratory
The Joint Commission

Joyce Ammer is currently a resident of state of Florida.

As a Surveyor within the Laboratory program, Ms. Ammer surveys the standards in the Comprehensive Accreditation Manual/Accreditation Manual for Pathology and Clinical Laboratory Services.

Prior to joining The Joint Commission, Ms. Ammer was Laboratory Director at Santa Rosa Medical Center, Milton, Florida. She also served as Laboratory Director for Sacred Heart Health System in Pensacola, Florida.

Ms. Ammer received her education at the University of West Florida and maintains licensure with the State of Florida as a Clinical Laboratory Supervisor in the areas of Microbiology, Serology, Molecular Pathology, Hematology, Immunohematology and Clinical Chemistry.

She chooses to work at the Joint Commission because, “with each survey we are having a positive impact on patient safety.”
