

## **Leah S. J. Hummel**

---

**RA, CHC, CHFM**

Engineer, Department of Engineering  
The Joint Commission

Ms. Hummel has been an employee of the Joint Commission since 2015, starting out as a Life Safety Code Surveyor and now as an Engineer with the Standards Interpretation Group.

She was previously employed as a plans reviewer/construction inspector with the North Dakota Department of Health Division of Life Safety and Construction and as a hospital facility architect responsible for planning, design, and construction projects. She started her career as a design architect working primarily on healthcare projects.

Ms. Hummel has been awarded a Bachelor of Architecture and a Bachelor of Science in Environmental Design from North Dakota State University. She also attained a Health Administration Certificate from the University of North Dakota.

Ms. Hummel is a licensed architect in North Dakota and Minnesota. She also maintains certification as a Certified Healthcare Constructor by ASHE.

Leah Hummel resides in Bismarck, North Dakota.
