### Annual Subscription

An annual subscription to *PolicySource* will provide access to dozens of sample P&Ps for behavioral health care and human services organizations. We'll update *PolicySource* to sync with twice-annual Joint Commission standards updates. These updates will include:

- More sample P&Ps, ultimately giving you access to a sample P&P for nearly every Joint Commission–required written P&P for behavioral health care and human services
- If a new Joint Commission standard has required written documentation, a new sample policy addressing the requirement will appear in the next update of *PolicySource*
- If a current documentation requirement changes, we'll update the correlated sample P&P to align with the changes

**PolicySource Hospital** and **PolicySource Behavioral Health** are already available for purchase, with more health care settings to follow.
