AGENDA

7:00 – 8:00 am Registration & Continental Breakfast

8:00 – 8:15 am Welcome

8:15 – 8:30 am Opening Remarks

8:30 – 10:00 am Operationalizing Complex Medication Orders

This session will be an interactive session which will discuss implementation techniques for pharmacy and nursing leaders on how to develop policies and procedures and implementation tactics for complex medication orders to be compliant on Joint Commission surveys and reduce patient safety risk.

10:00 – 10:15 am BREAK

10:15 – 11:45 am Top Challenges for Medication Management

This session will focus on top challenges such as medication storage, anti-diversion tactics, medication shortage risk reduction; and ensuring effective medication error reporting.

11:45 am – 12:45 pm LUNCH

PHARMACY LEADER TRACK

NURSING LEADER TRACK

12:45 – 2:45 pm Sterile Compounding Interactive Session

This session will be an interactive session which will teach participants on how to evaluate the content of testing and certification reports of primary and secondary engineering controls and ensuring compliance during Joint Commission surveys.

Meeting the Challenges of Medication Management Part I.

This session will focus on strategies to meet the requirements of the most challenging medication management standards pertinent to Nursing. For example, this session will include a discussion of preventing (and learning from) medication errors, medication security and diversion, and effective treatment of pain.

2:45 – 3:00 pm BREAK

3:00 – 4:35 pm Sterile Compounding Interactive Session

This session will focus on policy development, as well as competency development and implementation.

Meeting the Challenges of Medication Management Part II

This session will focus on those National Patient Safety Goals addressing medications:

- Medication Labeling
- Medication Reconciliation
- Anticoagulation Safety

4:35 – 4:45 pm Wrap-Up & Closing Remarks
