

Timothy Markijohn

MBA/MHA, CHFM, CHE

Field Director, Surveyor Management and Development
Division of Accreditation & Certification Operations
The Joint Commission

Tim is currently a resident of Hampstead, North Carolina, originally from Northeast Ohio.

Tim is a Field Director in the Hospital Program for the Life Safety Code Surveyors at The Joint Commission. In this role, he manages surveyors who specialize in surveying the Joint Commission's life safety, environment of care, and emergency management standards.

Tim was a TJC surveyor from 2011 to 2016 surveying the Standards in the Accreditation Manual for Hospitals, Critical Access Hospitals, and Ambulatory Health Care. Tim has performed initial, triennial, Med Def, Follow Up, ICM, OQPS, Critical Access, and Ambulatory Care surveys.

Tim has served the Joint Commission on the Surveyor Advisor Committee from 2012 to 2015 working on items that relate to customer satisfaction, process improvement, and survey/surveyor efficiency.

Prior to joining The Joint Commission full-time in 2016 as a Field Director, Tim worked for 25 years in the engineering and construction industry.

Tim has been at the director level in health care for more than a decade for a 500-bed academic health care system in Pennsylvania, an 800-bed trauma center and children's hospital in South Florida, a 200-bed community hospital in North Carolina, and lastly with 5 hospital academic health-care system in Columbia Missouri. He has experience managing Healthcare Engineering, Design/Construction, Environmental Services, and Clinical Engineering departments.

Tim has earned engineering undergraduate degrees from The Pennsylvania State University, The Broward College, and The University of Central Florida. He has also earned Master's Degrees, in Business Administration and Healthcare Administration from Pfeiffer University in Misenheimer, North Carolina.

Tim is a current and active member of the American Society of Healthcare Engineers (ASHE) and the American College of Healthcare Executives (ACHE). Tim has earned designations as a Certified Healthcare Facility Manager (CHFM) from the American Hospital Association and Certified Healthcare Engineer (CHE) from the North Carolina Healthcare Engineer's Association.

Tim is a Certified Yellow Belt. With this designation, he supports The Joint Commission's activities associated with establishing and sustaining a Robust Process Improvement® (RPI®) culture. As a Certified Yellow Belt, he is trained in the foundational concepts and tools of problem solving and makes improvements to better meet customer expectations and organization objectives.
